Implementation evaluation and sustainment of an opioid overdose education and naloxone distribution program in VA homelessness and housing programs
Presenting Author: Sarah Javier, PhD
Podium

A city-wide collaboration to implement patient navigation to reduce delays in breast cancer care
Presenting Author: Tracy Battaglia, MD, MPH
Podium

1:15 pm - 2:30 pm Eastern Time

A multiple case study approach examining reactive adaptation of HIV testing programs in response to COVID-19: “We were...building the plane while we were flying it”
Presenting Author: Ashley Schuyler, MPH
Poster

COVID-19 crisis impact on school-based dental sealant programs: De-implementation, re-implementation, and adaptations
Presenting Author: Eiman AlEissa, PhD, RDH
Poster

CfIR 2.0-guided qualitative evaluation of implementation facilitators and barriers in a sepsis transition and recovery program to advance sepsis survivorship
Presenting Author: Tara Eaton, PhD, MA
Poster

Introducing ISAC: Implementation strategies adapted for communities
Presenting Author: Laura Balis, PhD
Poster
Inductive approaches to bi-directional learning and implementation adaptation in embedded implementation research
Presenting Author: Margarita Correa-Mendez, PhD
Podium

Finding the fit-fidelity balance in mental health care delivery: Assessing a session-by-session intervention personalization strategy for veterans with psychosis
Presenting Author: Emily Treichler, PhD
Poster

The VA national teleneurology program (NTNP) implementation: A mixed-methods evaluation guided by RE-AIM framework
Presenting Author: Teresa Damush, PhD
Poster

Using the practical, robust implementation and sustainability model (PRISM) to identify implementation determinants of a statewide diabetes learning collaborative in Kentucky
Presenting Author: Aaron Kruse-Diehr, PhD
Poster

Genetic testing for individuals with ovarian cancer: Fidelity to guidelines and feasibility for traceback testing program implementation
Presenting Author: Alanna Kulchak, PhD, MS, CGC
Poster

Nursing perspectives on the benefits of patient- and family-centered rounds and facilitators and barriers to engagement and fidelity: A qualitative study
Presenting Author: Erin Abu-Rish Blakeny, PhD, RN
Poster

Evaluation of community-based cervical cancer screening using self-sampling and carehpv in Nepal using proctor’s framework
Presenting Author: Archana Shrestha, PhD
Poster

Implementation outcomes of the integrated district evidence to action (IDEAs) program to reduce neonatal mortality in central Mozambique: An application of the RE-AIM evaluation framework
Presenting Author: Aneth Dinis
Poster

3:00 pm - 3:35 pm Eastern Time

Inductive approaches to bi-directional learning and implementation adaptation in embedded implementation research
Presenting Author: Margarita Correa-Mendez, PhD, MS, MPH
Podium
Are they all just bridging factors? distinguishing between epis constructs within the context of co-located cross sectoral services for interpersonal violence
Presenting Author: Tonya Van Deinse, PhD
Podium

The peruvian experience of scaling-up a national cervical cancer screening program incorporating tailored, embedded and participatory co-design processes
Presenting Author: Julia Gage, PhD, MPH
Podium

Adaptation and evaluation of a tele-mental health transition management program for community inpatient discharges
Presenting Author: Pushpa Raja, MD
Poster

Implementation strategy adaptations to enhance sustainability in a hybrid II implementation trial: A process for designing and documenting adaptations using the IDEA and FRAME-IS
Presenting Author: Christopher Miller, PhD
Poster

Practical adaptations of PRISM: Background, rationale, and lessons learned
Presenting Author: Katy Trinkley, PharmD, PhD
Poster

A pilot trial examining the effects of veteran voices and visions, an adaptation of hearing voices groups for the greater Los Angeles VA healthcare system
Presenting Author: Ippolytos Kalofanos, MD, PhD
Poster

Tinker, tailor, adapt, and track: Evaluating adaptations across three telehealth QI interventions
Presenting Author: Joy Lee, PhD
Poster

Rapid qualitative analysis of routine facilitation data for real time dissemination of effective strategies and adaptations in a multisite implementation study
Presenting Author: Elizabeth Ruvalcaba, MSPH
Poster

Identifying gaps and opportunities for improving the equity of implementation outcomes for lifestyle change programs
Presenting Author: Emily Treachout, MPH
Poster
Adapting implementation science conceptual models for diseases with complex chronic care needs: Examples from home-based care for kidney and respiratory diseases
Presenting Author: LauraEllen Ashcraft, PhD, MSW
Poster

Adapting definitions of strategies and applying measures of acceptability and feasibility for policy-focused implementation science
Presenting Author: Jonathan Purtle, PhD
Poster

Tracking pathways of implementation strategy participation and fidelity in an adaptive implementation trial.
Presenting Author: Jay Ford, PhD
Poster

Adaptation and evaluation of a tele-mental health transition management program for community inpatient discharges
Presenting Author: Sonya Gabrielian, MD, MPH
Poster

Measuring and operationalizing participant responsiveness in maltreatment prevention programs: An understudied fidelity domain
Presenting Author: Deborah Moon, PhD
Poster

Building dissemination and implementation capacity to plan for, implement, and evaluate data-informed, community-tailored health communications campaigns to reduce opioid overdoses
Presenting Author: Kara Stephens, MPH, MSA
Poster

Revising and applying frame to track adaptations in digital health
Presenting Author: Callie Walsh-Bailey, MPH
Poster

Evaluation of community-based cervical cancer screening using self-sampling and carehpv in Nepal using proctor’s framework
Presenting Author: Archana Shrestha, PhD
Poster
Addressing the needs of populations of focus in the national diabetes prevention program (National DPP) lifestyle change program: Adaptations and retention strategies
Presenting Author: Sanober Ismaily, MPH
Poster

Implementation science in a global context: A critical analysis of implementation strategies and their adaptations in non-western settings
Presenting Author: Candace Black, PhD
Poster

Adapting a fertility preservation decision aid for adolescents, young adults, and their families
Presenting Author: Ashley Housten, OTD, MSCI, OTR/L
Poster

Designing tailored behavioral interventions using behavioral insights to increase routine vaccine uptake of children under-two in Nepal
Presenting Author: Surakshya Kunwar
Poster

Promoting equity through documenting adaptations to an evidence-based breast cancer educational intervention using the frame model & stakeholder engagement to assess appropriateness
Presenting Author: Maisha Huq, PhD
Poster

Evaluating the efficacy of a tailored middle school-based intervention to increase vaccine uptake among adolescents (INVEST) in the rural south
Presenting Author: Valerie Velverton, PhD
Poster

Audit and feedback is an effective implementation strategy to increase fidelity to a multi-component labor induction protocol designed to reduce obstetric inequities
Presenting Author: Rebecca Hamm, MD, MSCE
