

ADAPTATION, FIDELITY, AND TAILORING

WORKGROUP PRESENTATION LIST

MON, DEC 15

11:15-11:30 AM EST

Tailoring the ECHO Model for State-Level Public Health Infrastructure: Lessons from Tennessee, Washington, and Oklahoma

Presenting Author: Mickal Lewis, MPH, CHW
Podium

Beyond the Letter of the Law: A CFIR-Informed Analysis of Street-Level Enforcement of Flavored Tobacco Sales Restrictions

Presenting Author: Denise D. Payan, PhD, MPP
Podium

Documenting and Troubleshooting Challenges to Experimental Trial Designs in Implementation Science

Presenting Author: Cathleen Willging, PhD
Podium

1:15-2:30 PM EST

Adaptation of a public health framework in oral care to address intersecting behavioral health disparities in underserved US-MX border communities

Presenting Author: Sathiyathan Nadarajah, BDS, DMD
Poster

Using Pre-Implementation Data and a Determinants Framework to Make Tailored Coaching Plans

Presenting Author: Kate Magid, MPH
Poster

Measuring Fidelity of an EHR-based Nudge within the Context of a Multi-component Implementation Trial Across Twelve Emergency Departments

Presenting Author: Jessica Burns, BA
Poster

Refining previously identified core functions: Improving evidence-based intervention adaptation and scale-up

Presenting Author: Sarah Birken, PhD, MSPH

Poster

A de-implementation framework for behavioral health designed to maximize the benefits of dissemination and implementation science

Presenting Author: Rachel Conlon, PhD

Poster

Application of MODIFI to the adaptation of a complex, multilevel intervention to enhance access to high-quality cancer services in rural cancer hospitals

Presenting Author: Sarah Birken, PhD, MSPH

Poster

Adaptation of a clinical trial fidelity measurement tool to measure implementation outcomes and facilitate provider learning

Presenting Author: Jocelyn Remmert, PhD

Poster

Tailoring and testing implementation strategies for LAI ART in HIV clinics: Insights from the ALAI UP project

Presenting Author: Kathrine Meyers, DrPH, MSc, MPP

Poster

Advancing Adaptation Science: Methodological Insights from Applying FRAME-IS in the iHEART-SA Trial

Presenting Author: Leslie Johnson, PhD, MPH, MLitt

Poster

Scaling Smarter Preoperative Testing: A Multi-Site Evaluation of Adaptations to De-implementation Strategy Using FRAME-IS

Presenting Author: Dana Greene Jr., MPH

Poster

Real-Time Application of the Framework for Reporting Adaptations and Modifications-Enhanced (FRAME): Methods from the STOP HIV Trial

Presenting Author: Adati Tarfa, PharmD, PhD

Poster

Theory-driven approach to studying the implementation and adaptation of TeamSTEPPS as LoboSTEPPS in a level 1 safety net hospital

Presenting Author: Rachelle Muschett, MPH, PhD Student

Poster

Improving system delivery of hip surveillance guideline fidelity in children with cerebral palsy using behavior change theory

Presenting Author: Michael Peterson, M.A. CCC-SLP

Poster

Implementing a Clinical Decision Support for Acute Heart Failure in Emergency Departments: Retrospective application of FRAME-IS to evaluate implementation adaptations

Presenting Author: Deonni P Stollendorf, PhD, RN, FAAN

Poster

Adapting to Context: An Analysis of Limited Distribution Strategies in ePRO-Enabled Remote Symptom Monitoring Implementation across the United States

Presenting Author: Nicole Henderson, PhD, MPH

Poster

Fidelity assessment and measurement in HIV prevention and treatment implementation research: A systematic review

Presenting Author: Wilson Gomez, MHS

Poster

Adaptation and application of FRAME as part of implementing postmortem examination in Africa and Asia

Presenting Author: Christina Paganelli, MPH, DrPHc

Poster

Tailoring and Iterating Digital Health Implementation to Promote Health Behaviors in Rural Clinical Care Settings: Lessons from the PREVENT Study

Presenting Author: Angeline Gacad, MPH, CPH

Poster

Development and use of a practice-oriented fidelity monitoring approach to improve hypertension care in a large safety-net healthcare system

Presenting Author: Ariella Korn, PhD, MPH

Poster

Implementing outpatient management of pulmonary embolism in emergency departments: A mixed-methods fidelity assessment of a multi-component implementation intervention in 12 Michigan health systems

Presenting Author: Morris Fabbri, MA

Poster

Toward conceptual clarity in blending evidence-based interventions: A scoping review and case example from Malawi

Presenting Author: Kathryn Lancaster, PhD, MPH

Poster

Association between intervention fidelity to a clinical decision support tool and clinical discussions with head and neck cancer (HNC) survivors: Results from the HN-STAR (WF-1804CD) trial

Presenting Author: Jamie Ostroff, PhD

Poster

Accelerate to Impact: Developing a Tool for Translational Design in Rehabilitation Tech

Presenting Author: Amy Kemp, PhD CCC-SLP

Poster

Designing for Feasibility: A Qualitative Assessment of the MASLD Clinical Pathway in VA Primary Care

Presenting Author: Kyler M. Godwin

Poster

Centering equity in implementation science: a global scoping review and critical appraisal of 42 equity-focused theories, models, frameworks, and tools

Presenting Author: Laura Crump, RN, MSc

Poster

Fit to context: Adapting forms to implement high intensity home-based rehabilitation in a new health system

Presenting Author: Joshua Johnson, DPT, PhD

Poster

2:45-3:00 PM EST

Jurisdictional Profiles to Plan for Policymaker Engagement, Fit, and Scalability of Implementation Efforts

Presenting Author: Elle Pope, PhD, MPH

Poster

Planning for sustainability: Implementing a severe hypertension safety bundle in outpatient maternity care

Presenting Author: Jennifer Leeman, DrPH, MDiv

Poster

3:30-3:45 PM EST

A change in STRIDE: Site-reported adaptations of an evidence-based inpatient mobility program

Presenting Author: Leah Zullig, MPH, PhD

Poster

Comparing the impacts of a base versus enhanced implementation bundle on fidelity to a complex evidence-based practice

Presenting Author: Sonya Gabrielian, MD, MPH

Podium

Sustainability through financing and leadership: A mixed-methods study of tobacco treatment programs in NCI-designated cancer centers

Presenting Author: Miranda Reid, MPH

Podium

4:15-5:30 PM EST

Maintaining Fidelity Through the Adaptation of a Community Health Worker Intervention

Presenting Author: Julie Ressalam, MPH

Poster

"It worked well. Everybody stepped up...": Lessons from a pilot study adapting a strong provider recommendation for the HPV vaccine to the dental setting

Presenting Author: Emily Janio, MPH

Poster

Adept at adaptation: Implementing an Evidence-Based Colorectal Cancer Screening Intervention in Rural Clinics

Presenting Author: Laura Szalacha, Ph.D

Poster

Adapting for Context: Culturally Tailoring an Over-the-Counter Medication Safety Intervention for Spanish-Speaking Older Adults

Presenting Author: Stephanie M. Resendiz, MHA

Poster

Improving implementation in an urban school asthma program

Presenting Author: Joshua Knutsen

Poster

Implementation Mapping to Adapt Facilitation to Local Context: Pre-implementation Planning for a Three-Variable Hybrid Implementation-Effectiveness-Context Trial

Presenting Author: Elissa Faro, PhD

Poster

Adaptation of A Single-Session Narrative Therapy (SSNT) Intervention for Low-Barrier Primary Care Settings

Presenting Author: Olga Vitruk, MPH

Poster

Co-designing a peer mentor-based reentry support intervention with community-based organizations: Adaptation findings and documentation with FRAME-IS

Presenting Author: Clara Voong, MPH

Podium

Using IM-ADAPT to adapt evidence-based interventions for colorectal cancer screening in Monterrey, Mexico

Presenting Author: Priscilla Espinosa Tamez, MD, PhD

Poster

Adaptation of A Single-Session Narrative Therapy (SSNT) Intervention for Low-Barrier Primary Care Settings

Presenting Author: Olga Vitruk, MPH

Poster

Reflect to Implement: Linking Teacher Self-Reflection to Nutrition Program Fidelity in Early Childhood Settings

Presenting Author: Julie Rutledge, PhD

Poster

Evaluation of the Vermont Model to inform adaptation to a scalable approach to venous thromboembolism prevention for ambulatory oncology patients

Presenting Author: Karlyn Martin, MD MS

Poster

Examining Fidelity to the Housing First Model in VA's Permanent Supportive Housing Program for Veterans with Substance Use Disorders

Presenting Author: Caroline Diehl, PhD

Poster

Participatory co-design methods for adapting chronic disease self-management interventions for brain cancer survivors

Presenting Author: Bethany Kwan, PhD, MSPH

Poster

Participatory co-design methods for adapting chronic disease self-management interventions for brain cancer survivors

Presenting Author: Bethany Kwan, PhD, MSPH

Poster

Adapting and piloting a pharmacist-led long-acting injectable antiretroviral therapy program at a Federally Qualified Health Center in Arkansas

Presenting Author: Jure Baloh, PhD

Poster

Adaptation of a Cardiovascular Quality Improvement Initiative for Worksite Health Centers: Application of the ADAPT-ITT Framework

Presenting Author: Hanzi Jiang, MPP

Poster

Advancing intervention adaptation for populations with non-dominant language preference in high diversity settings

Presenting Author: Kirsten Austad, MD, MPH

Poster

Toolkit development to support adaptation of behavioral health interventions for individuals with TBI and cognitive impairment: An I-HEAL focused program award project

Presenting Author: Aaron Martin, PhD

Poster

Reflect to Implement: Linking Teacher Self-Reflection to Nutrition Program Fidelity in Early Childhood Settings

Presenting Author: Julie Rutledge, PhD

Poster

Advancing intervention adaptation for populations with non-dominant language preference in high diversity settings

Presenting Author: Kirsten Austad, MD, MPH

Poster

Acceptability, appropriateness, feasibility, and fidelity of the Floreciendo sexual and reproductive health intervention for Latina teens and their female caregivers: A mixed methods pilot assessment

Presenting Author: Jessica Carney, PhD

Poster

Using the Core Forms and Function Model to Guide Adaptation of an Evidence-Based Hospital Discharge Intervention

Presenting Author: Kirsten Austad, MD, MPH

Poster

Co-adapting and pilot testing Stress First Aid for the harm reduction workforce: “[Stress First Aid] goes hand in hand with what we do.”

Presenting Author: Anmol Desai, MPH

Poster

Patient preferences for medications to treat opioid use disorder (MOUD) in carceral settings: Implications for tailored implementation and service delivery

Presenting Author: Amelia Bailey, MPH

Poster

Tailoring teaching of diabetes self-management behaviors for adults facing social and economic challenges: A qualitative study

Presenting Author: Helen Chen, PhD, CRNP

Poster

Documenting patient-informed pre-implementation modifications to FH-cascade testing family communication strategies using FRAME-IS

Presenting Author: Ana Morales, MS, CGC

Poster

Using External Facilitation to Enhance Fidelity to a Complex Evidence-Based Behavioral Health Intervention

Presenting Author: Ronald Calderon, MSW

Poster

Adapting the NIMH Clinical Pathway to rural Appalachian school-based health centers

Presenting Author: Abigail Underwood, MSW, LSW

Poster

Optimizing family communication strategies to improve cascade testing for familial hypercholesterolemia within the primary care setting: A structured process for decision-making using the Green/Yellow/Red Light Adaptation approach

Presenting Author: Nicole Walters, BS

Poster

Digital and CHW-Led Strategies to Enhance Lifestyle Counseling in Pre-natal care: Early lessons from the Just Mothers Program

Presenting Author: Oyinkansola Babayode, MD, MPH

Poster

Fit and acceptability of a social network intervention to increase HIV testing among people who inject drugs in rural communities

Presenting Author: Taylor Sheldon, PhD

Poster

Improving Adherence to Colposcopy after an Abnormal Pap Smear Using a Scalable mHealth Intervention: Early Findings from the CHAT Hybrid Effectiveness-Implementation Study

Presenting Author: Kuang-YI Wen, PhD

Poster

Barriers and facilitators to sustaining a church-based physical activity program for Latinas: preliminary data from a 6-month sustainment period

Presenting Author: Jennifer Schneider, MPH, MA

Poster

Is the level of implementation linked with intervention outcomes? The process evaluation of the Veggie Van intervention to increase fruit and vegetable consumption in underserved communities.

Presenting Author: Christina Kasprzak, PhD

Poster

Activities employed during an evidence-based quality improvement approach to co-develop multi-level implementation strategies for an evidence-based clinical practice

Presenting Author: Jennifer Vincenzo, PhD, MPH, PT

Poster

Resource Coordination as an Adjunctive Intervention to Promote Parent Engagement and Effectiveness of Parenting Interventions on Child Behavioral Health

Presenting Author: Cady Berkel, PhD

Poster

Development and pilot testing of the interactive Prostate Cancer Information, Communication and Support program (iPICS)

Presenting Author: Lixin Song, PhD, RN, FAAN

Poster

Participatory co-design methods for adapting chronic disease self-management interventions for brain cancer survivors

Presenting Author: Bethany Kwan, PhD, MSPH

Poster

Pilot Implementation of A Mindfulness-Based Intervention to Reduce Problematic Drinking among Hispanic Emerging Adults: Feasibility and Acceptability

Presenting Author: Katherine Perez, MSW, MPH

Poster

Making Equity Actionable in Frontline Practice Using Implementation Science: A Case Series

Presenting Author: Derrecka Boykin, Ph.D.

Poster

Making the Invisible Visible: Assessing Variation in Implementation Reach in Historically Underserved Patient Groups

Presenting Author: Michelle Wong, PhD

Poster

Using IM-ADAPT to adapt evidence-based interventions for colorectal cancer screening in Monterrey, Mexico

Presenting Author: Priscilla Espinosa Tamez, MD, PhD

Poster

Incorporating AI into photovoice guided by CFIR 2.0 to engage Latinos in implementation science and develop a new model for accessing biomedical HIV prevention services in pharmacy chain settings

Presenting Author: Lilliana Vilchez, MPH

Poster

Improving identification of patients with uncontrolled hypertension in federally qualified community health centers

Presenting Author: Melissa Goulding, PhD, MS

Poster

Using an implementation research logic model to inform multi-setting consultative physical therapy implementation to increase exercise in people with Parkinson's disease

Presenting Author: Laura Baehr, PT, DPT, PhD

Poster

A Mixed Methods Evaluation of a Pilot Study of Single Session Narrative Therapy Intervention in a Low-Barrier Primary Care Clinic

Presenting Author: Lydia Chwastiak, MD, MPH

Poster

TUE, DEC 16

8:00-9:15 AM EST

Adapting the Kaiser hypertension control bundle for Ghana: A stakeholder-driven implementation planning study using dissemination and implementation science frameworks

Presenting Author: Olutobi Sanuade, PhD

Poster

Understanding patient perspectives to inform the implementation of tobacco use treatment in Lebanon's primary care system: A qualitative study

Presenting Author: Sara Tohme, MS

Poster

Integrating Cultural Accommodation and Implementation Science Frameworks to Explore Adaptations for a Mobile Tobacco Cessation Program for Persons Living with HIV in India

Presenting Author: Joshua Cockroft, MD

Poster

Adapting implementation of an evidence-based secure firearm storage program for scale-out to adult primary care and women's health

Presenting Author: Claire Waller, BA

Poster

Evaluating the implementation of a national paper-based register adaptation for integration of HIV prevention and treatment services in family planning clinics in Kenya

Presenting Author: George Wanje, MPH, PhDc

Poster

Evaluation of an adapted evidence-based occupational sun safety program for outdoor workers in Georgia

Presenting Author: Cam Escoffery, PhD, MPH, CHES

Poster

Implementation science training program tailored to meet practitioner's needs and potential applications

Presenting Author: Nanette Benbow, MAS

Poster

Developing and testing a new retrospective tool to identify adaptations across 54 implementation efforts in the SAGE QUERI effectiveness implementation hybrid type III trial

Presenting Author: LauraEllen Ashcraft, PhD, MSW

Poster

Adapting a Tobacco Treatment Training Program for Oncology Providers in Latin America and the Caribbean: Expert Consensus

Presenting Author: Ruthmarie Hernández-Torres

Poster

A Cultural Adaptation of Problem Management Plus to Improve the Mental Wellbeing of Emerging Adult Men Who Have Sex with Men Living with HIV (MSM+) in Vietnam

Presenting Author: Viet Mason Trinh, B.S.

Poster

Advancing participant engagement, retention, and return of value through tailored participant convenings

Presenting Author: Minnkyong Lee, PH.D.

Poster

A multilevel adaptation approach for the sustainable scale-up of family cancer history screening in public health clinics

Presenting Author: Angela Zhang, MPH

Poster

Using FRAME-IS to document reactive adaptations to address implementation challenges in a new method to developing PEWS in Brazil, ESAP-Max

Presenting Author: Alejandra Mendez-Aceituno, MD

Poster

From Design to Delivery: Master Trainer and Facilitator Insights on Culturally Adapting Diabetes Self-Management Education

Presenting Author: Olubukola Tikare, MS

Poster

Cultural adaption of a smoke-free homes intervention for Spanish families with minors through a community-engaged and systematic approach (IM-ADAPT)

Presenting Author: Olena Tigova

Poster

Understanding mechanisms of action for team-based learning: A case study of how collective efficacy facilitates adaptation of a stepped care intervention for adolescents and young adults in western Kenya

Presenting Author: Nok Chhun, PhD

Poster

Real-time adaptations during the implementation of a promotor-led, evidence-based physical activity intervention in faith-based organizations: A systematic, partner-informed approach

Presenting Author: Victoria Telles, MPH

Poster

Examining behavioral mechanisms and impact of implementation strategies on community health workers' fidelity to a text messaging intervention in western Kenya: a mixed-methods study using the theory of planned behavior

Presenting Author: Priyanka Shrestha, MSc, PhDc

Poster

Adapting the Diabetes Prevention Program for Black Families in Southwest Georgia: FIGHT for Life Study

Presenting Author: Shekwonya Samuel, PhD, MPH

Poster

Adapting SAIA for hypertension care cascade: from pilot to scale

Presenting Author: Carmen Hazim, MPH, PhDc

Poster

Systematic Adaptation of Text2Quit: Engaging Kenyan Emergency Department Patients in mHealth Tobacco Cessation

Presenting Author: Jessica Rayo, MS

Poster

Designing for Adaptability: A Resilience Engineering Approach to Implementation in Community Pharmacies

Presenting Author: Rutuja Gadgil, MS

Poster

The Development of the Implementation Scorecard: A Decision-Making Companion for Public Health Practitioners

Presenting Author: Taren Swindle, PhD

Poster

From Positive Experiences to Practical Insights: Piloting an Equity-Centered Evaluation Strategy for Healthy Outcomes from Positive Experiences (HOPE) Implementation

Presenting Author: Amie Myrick, MS, LCPC
Poster

A pilot application of the HEIF framework and SISTER taxonomy to home- and preschool-based implementations of behavioral interventions

Presenting Author: Sophia Magro, PhD
Poster

From clinic to community: A qualitative study to adapt the Staying Healthy After Childbirth (STAC) program for broader reach and adoption

Presenting Author: Felice Resnik, PhD
Poster

Adapting SAIA for hypertension care cascade: from pilot to scale

Presenting Author: Carmen Hazim, MPH, PhDc
Poster

Barriers to active travel to school in semi-rural communities: implications for adapting and scaling safe routes to school programs

Presenting Author: Harrison Themer
Poster

8:45-9:00 AM EST

Enhancing fidelity in school-based prevention: Results from a randomized controlled trial of Getting To Outcomes to support Project ALERT implementation by middle school teachers

Presenting Author: Matthew Chinman, PhD
Podium

9:30-9:45 AM EST

Intervention fidelity as a driver of implementation success: lessons from the Thrive transitional care program

Presenting Author: Heather Brom, PhD, RN
Podium

Optimizing Impact Through Fidelity-Informed Adaptation

Presenting Author: Stephanie Staras, MSPH, PhD

Podium

Designing and Adapting a Quality Improvement Project to Enhance Life-Sustaining Treatment Documentation in VA Home-Based Primary Care

Presenting Author: Cari Levy, MD, PhD

Podium

9:30-9:45 AM EST

Intervention fidelity as a driver of implementation success: lessons from the Thrive transitional care program

Presenting Author: Heather Brom, PhD, RN

Podium

Optimizing Impact Through Fidelity-Informed Adaptation

Presenting Author: Stephanie Staras, MSPH, PhD

Podium

Designing and Adapting a Quality Improvement Project to Enhance Life-Sustaining Treatment Documentation in VA Home-Based Primary Care

Presenting Author: Cari Levy, MD, PhD

Podium

9:45-10:00 AM EST

Tailoring site-specific implementation strategy plans for a cesarean risk calculator trial: a mixed-methods approach

Presenting Author: Rebecca Hamm, MD MSCE

Podium

10:00-10:15 AM EST

Improving Care for Older Surgery Patients at Hospital-to-Home Transitions through participatory adaptation applying CFIR, ADAPT, and FRAME.

Presenting Author: Sevdenur Cizginer, MD, MPH

Podium

A framework driven in-depth assessment of SAIA implementation fidelity at scale

Presenting Author: Carmen Hazim, MPH, PhD

Podium

Adaptation & testing of an integrated shared decision-making tool for combined family planning and HIV prevention counseling implementation

Presenting Author: Katherine Anderson, MPH

Podium

2:30-2:45 PM EST

A 3-Step implementation model for family-based HIV prevention for Black girls through academic-community partnerships

Presenting Author: Natasha Crooks, PhD, RN

Podium

3:15-3:30 PM EST

Co-development of an intrinsic capacity management programme and its implementation strategies in primary care for mildly frail older adults in Singapore: Application of implementation science frameworks and tools

Presenting Author: Yew Yoong Ding, MBBS, FRCP, MPH, PhD

Podium

WED, DEC 17

8:30-8:45 AM EST

Fidelity Measures for Low Threshold Care as Predictors of Implementation Outcomes

Presenting Author: Wayne Kepner, PhD, MPH

Podium

Closing Health Gaps: Measurement of Fidelity of Implementation Strategies and Outcomes for High-Risk and Underserved Populations

Presenting Author: LeShawndra Price, Ph.D

Podium

8:45-9:00 AM EST

Use of a Comprehensive Assessment Practice for High-Risk Primary Care Patients: Fidelity to Complex Practice Implementation

Presenting Author: Natasha Torrence, MPH
Podium

9:00-9:15 AM EST

Fidelity of HIV Pre-exposure prophylaxis implementation in family planning clinics in Kenya

Presenting Author: Irene Mukui, MBChB, MPH, PhD(c)
Podium

Prevention of parental substance use and mental health disorders by intervening on social risk factors: Implementation of a continuum of care prevention program in child welfare settings.

Presenting Author: Lisa Saldana, PhD
Podium

9:15-9:30 AM EST

Acción PrEP: Testing the feasibility of community co-designed implementation strategies to advance PrEP uptake among Latinos in the U.S. south

Presenting Author: Sarah Wilson, PhD
Podium

Running the gauntlet to attain sustainable impact by embedding interventions into Health Systems: Addressing feasibility constraints of systems and the priorities of many masters

Presenting Author: Allison L'Hotta, PhD, OTD
Podium

Evaluation of implementation efficiency using stochastic frontier analysis: Case example from an adaptive trial to implement medications for opioid use disorder

Presenting Author: Hannah Cheng, MS
Podium

10:15-10:30 AM EST

The next generation of implementation strategy testing

Presenting Author: Cara Lewis, PhD

Podium

Challenges and Adaptations in Community Mobilization for Clean Cookstove Implementation in Lagos, Nigeria: FRAME-IS Guided Approach

Presenting Author: Deborah Onakomaiya, MPH

Podium

Novel Approaches to Developing and Adapting Implementation Strategies

Presenting Author: Corrina Moucheraud, ScD, MPH

Podium

10:30-10:45 AM EST

An Implementation Toolkit for Integrating Hypertension Management into HIV Care in Nigeria Using the Knowledge to Action Framework

Presenting Author: Nafesa Kanneh, MPH

Podium

Impact of the Acute Inpatient Medicine – High Reliability, Learning Environment, and Workforce Development Initiative (AIM-HI) in Rural Veterans Health Administration Hospitals Wednesday, December 17, 2025

Presenting Author: Heather Gilmartin, PhD, NP

Podium

10:45-11:00 AM EST

Adapting the HealthMpowerment (HMP) mobile application using the ADAPT-ITT model for HIV prevention and treatment services among youth in Africa

Presenting Author: Marie-Claude Lavoie, PhD

Podium

Decolonizing and innovating implementation of suicide prevention: Results from a mixed-methods hybrid type II pilot cluster randomized controlled trial by mothers for mothers in rural Pakistan

Presenting Author: Ashley Hagaman, MPH, PhD

Podium

11:00-11:15 AM EST

Using FRAME to characterize provider-identified adaptations to integration of a stepped care intervention for perinatal mood and anxiety disorders in maternal-child-health clinics in Kenya

Presenting Author: Agnes Karingo Karume, MBChB, MBA, MPH

Podium
